The global, multidisciplinary team of EQMS provides social Services, which can put together the right team of professionals equipped with the specific demanded skills and knowledge to support in reaching sustainable development goals. The experts of EQMS have solid knowledge in their respective fields of social impact assessment, gender, resettlement, rural economy, survey, CSR and community development, which allows us to ensure a tightly managed and cost effective service delivery

EQMS – The Story

Who we are

EQMS Consulting Limited (EQMS) established in 2002, is one of the largest leading multi-disciplinary consulting firms in Bangladesh. Even though Social along with Environmental issues and development activities are considered as two sides of the same coin, uncontrolled and unplanned development activities that are going on in Bangladesh at present times, the resultant impact of such development on social and environmental degradation has unfortunately not been fully appreciated. For sustainable development, it is internationally mandatory to consider social and environmental issues for implementing any development project now a days. Take into account, therefore, EQMS provides variety of services regarding social and environmental issues related to different development projects.

EQMS is ISO 9001:2015, 14001:2015 and OHSAS 4500 certified company, is the leading provider for environmental, social consulting, social protection, capacity building and sustainability related services.
